How this book came into being.

Even though I have only been a serious student of Neville Goddard's for about 10 years, I feel as if I have known him and his truth forever.

My adventure with Neville Goddard, that resulted in the writing of this book and starting the Neville Goddard Simplified project back in 2010 when I was leading a year long program for Neurolinguistic Programming professionals and enthusiasts in NLP modeling. For one solid month, as a group we studied rare recordings of Neville, to determine and isolate his thinking process – so we could duplicate it.

We wanted to get not just his thoughts – which are easy to find on paper and in recordings of Neville, but we wanted to peek under the hood – inside the mind of the man – and discover why he thought the way he did.

The reason why you or why anyone thinks the way they do, is based on their core beliefs about themselves, God and the world. We used the science of NLP to enter into the world of Neville, so we could perceive the world more like he does, think more like he does, and get results he does – with the thoughts, ideas and methods he left behind..

Because when you use Neurolinguistic Programming like we do, and enter into the world of HOW someone thinks, and learn their Points of Power - what they presuppose is real - duplicating their results becomes much more likely.

For three months before the program, I studied in detail his writings, listened to rare recordings, and researched his life, so we could get to the point where we understood - what he presupposed was true - so that his systems worked every time for us.

During that time, something very interesting happened – which changed my life forever.

I started by "Imagining Neville", which is part of the modeling process we teach.

Inside my imagination, I was talking with him. Inside my imagination, I was teaching with him, as well as learning directly from him.

Inside my mind, I was being beside and inside him. I was Imagining Neville Goddard, and I started coming FROM his world. And the insights that I gained – that you are reading here – will change your world and your world view profoundly – just as they did mine.

The book you are reading, is short and sweet, designed to simplify the world of Neville

Goddard so that you can use his methods with 100% confidence and get the results you want in life.

Now who am I to say if those conversations were real by most peoples standards, or if they were just MY IMAGINATION guiding me to get to THE ESSENTIAL and simple core of Neville's message. All I can attest to is the results we get, and the results our readers and trainee's have gotten.

And finally, you will be invited to be a part of our very special Neville Goddard online community. And we will give you 3 Neville Goddard Lectures - In His Own Voice - for you to listen to anywhere - anytime.

PS: Later books in the Neville Goddard Simplified series are very different than this beginning book. They are full length lectures that we have transcribed by hand, broken apart and analyzed paragraph by paragraph so you get the most out of each and every lecture. You can find them on amazon or on the Free Neville site. Blessings.

“When you imagine something it is as though you struck a chord, and everything in sympathy with that chord responds to bear witness to the activity in you. If the world is the responding chord to what you are imagining, and David is a man after your own heart who will do all your will – is David not the outer world?” - Neville Goddard

Neville's Points of Power:

What you are about to learn are what we called Neville's Points of Power. These are what Neville Goddard pre-supposed was true – about himself – about the world – about reality. If you choose to adopt them completely and to eliminate ANY conflicting ideas you might have about reality, you will find that his methods work much more effectively and quickly.

1. We are one with God. There is no separation. Neville shares, "We are the father."
2. There is no outside cause - all that happens – all that we can respond to - is extended from the imagination. “Everything is subject to us – our imagination.”
3. Everything that can be touched, seen or heard - is in the world of Ceasar, the world of EFFECT. (This is VERY life changing and empowering – once you read what we share about this and the mind of Neville Goddard.)
4. The Truth about your body. Your body is part of the universe. And when you imagine to the point when your body responds, you understand that THAT is the first part of THE UNIVERSE responding - to your intent and to your imagination.

“All that you behold, though it appears without it is within, of which this world of mortality is but a shadow. If you will but enter a state in your imagination, and assume its truth, the outer world will respond to your assumption, for it is your shadow, forever bearing witness to your inner imaginal activity.” - Neville Goddard

POWERPOINT #1: WE ARE ONE WITH GOD

Neville taught that we are the wisdom and the power of God. We are one with God, through the imagination, through the consciousness that we are.

So instead of praying to an outside God - imagine as God - from the end result that you have in mind.

So you don't have to pray – begging or asking or hoping - to an outside God. "God", the consciousness that you are, hears your prayers, before you even say them - because GOD is your HUMAN IMAGINATION.

If you have imagined it – you have PRAYED it.

POWERPOINT: Are you imagining loving thoughts today – or fearful thoughts? If you imagine fearful thoughts, your body – which is part of the universe – starts to experience fear, and that fear state – creates more fearful situations in your life.

If you imagine LOVING thoughts, being congratulated by your friends and family for your accomplishments, your body – which is part of the universe – will produce a much more pleasing and life giving “chemical soup” that will change your immediate world, and create a state around you that creates change you want in your physical world.

So remember, you don't have to "ask" or "beg", just give thanks and IMAGINE as if it has happened. (The END GAME exercise is GREAT for this. You will be learning it soon.)

HOMEWORK: Here is how we do it.

1. Construct an Imaginal Scene - which would imply - the state of the wish fulfilled.
2. Include conversations about how successful / happy / healthy you are.

Take it a level higher, by having two kinds of conversations.

The first kind of conversation ABOUT you. Imagine two people you know – talking about you – when you aren't there. Imagine them talking about how lucky, lovely, lively you are. Imagine them talking about how your life has transformed into what you have CREATED.

The second kind of conversation includes YOU and THEM talking. Hear yourself

describing how things have changed, hear them asking you questions about how it all happened. Hear yourself describing things that you did, and MIRACULOUS things that just “showed up out of the blue. And have ALL INTERNAL CONVERSATIONS be about YOUR SUCCESS AND MANIFESTATION.

“God is alive in you now, so I ask you to test Him. Would you like a better job? Greater income? Greater recognition? What would you do right now if it were true? Now test God by thinking of a friend. Hear him congratulate you on your good fortune. See his face light up with joy and feel his presence. Do that, and you have performed a magical act, for God has acted and all things are possible to God. You do not have to devise the means necessary to make your imaginal act come to pass. He who thought of the friend and saw the whole thing will build a bridge of incident across which you will move to the fulfillment of that which has been done. That is Christ!” - Neville Goddard

POWERPOINT #2: THERE IS NO OUTSIDE CAUSE.

“If there is only one cause, then he who quelled the wind and the sea is the one who caused the storm. There cannot be another. If there is confusion in your life, and you resolve it in your imagination, and the world bears witness to what you have done - you caused the change. And since there is no other cause, then did you not cause the confusion also? There is only one God and Father of us all who is above all, through all, and in all. If He is in every being who says I am, and there is only one God, no one can accuse another; for God's name is not he is, but I am. No matter what appears on the outside, I am its cause. Assume full responsibility for the things you observe, and if you do not like what you see, know you have the power to change them. Then exercise that power and you will observe the change you caused. If you are truly willing to assume that responsibility, you are set free.” - Neville Goddard

As you read and listen to the BONUS LECTURES we are giving you, you will keep noticing that Neville insists and implies at all times, that THERE IS NO outside cause.

We compare the HUMAN IMAGINATION to GRAVITY. Everyone knows that BOTH the imagination and gravity exist, but almost no one REALLY has a clue on how they work. But it doesn't matter, because BOTH the human imagination and gravity do work.

Why do we share that here? Let's look at CAUSE this way, the way Neville did.

I have a beautiful stream that runs along the edge of my garden. It blesses me and Victoria and our land with the gifts that only a small stream can. When I look at the stream, I do NOT think that “that gallon of water” is causing the gallon of water in FRONT of it to move down stream. That would be insane.

What I do know, is that ALL THE WATER is moved by this INVISIBLE FORCE – we call GRAVITY. Gravity PULLS all the water, through the stream – so that it either goes as low as it can – to sea level – or gets pulled down into the soil. The INVISIBLE POWER of gravity – does that.

Your IMAGINATION is just like GRAVITY.

It PULLS into your world, AMAZING AND WONDERFUL things, events, people, powers, circumstance – even this book – ONCE you decide CLEARLY what you want in life – what you choose to have in life – AND YOU IMAGINE HAVING IT.

Your IMAGINATION also PULLS YOU – or more accurately YOUR BODY AND BEHAVIOR – toward what you need to do – to be – to find – to discover – so that you MANIFEST AND EMBODY your ideal – IF you hold ONLY your ideal in mind.

“Every natural effect has a spiritual cause and not a natural. A natural cause only seems. It is a delusion of the perishing, vegetable memory. We do not remember these moments in time when we imagined certain states. So when that imaginal state takes form so we can see it with the outer eye, we do not recognize our own harvest and deny that we had anything to do with these natural effects that are taking place in our world. Because our memory is faulty, we do not remember.” - Neville Goddard

POWERPOINT #3: EVERYTHING THAT CAN BE TOUCHED - SEEN - HEARD IS IN THE WORLD OF EFFECT.

What I want you to do is to stop putting your POWER outside of you. (This is main challenge most people have, when they start using Neville's methods. So, how do we do that?)

Anytime you IMAGINE that anything OUTSIDE of your imagination is CAUSE – you put your power outside of you.

If you imagine having a million dollars will end your financial worries, you are putting cause outside of you. Choosing right now to FEEL financially secure and free, creates the state that makes making, finding, winning, or creating money or wealth much easier.

If you imagine that being in a relationship will make you feel loved, you are placing power outside of you, and no matter how much you are loved by another, you will still be seeking more evidence that you are loved.

Instead, choose to feel love, the love that you actually are, and you will find attracting a mate, or having a more fulfilling relationship with your partner, comes naturally.

You are learning how to LEAD the physical world, and change your circumstances, with your imagination. You do this by remembering that EVERYTHING you experience through your physical senses, is a product of the imagination and of consciousness.

POWERPOINT: Neville Goddard was a leader. And if you are going to be a LEADER – you have to STOP imagining that you are A FOLLOWER and that ANYTHING OR ANYONE outside of you – is “the power”, the cause of your peace of mind, the cause of your happiness.

(Just GETTING that at the core – transforms EVERYTHING.)

And leads us to getting THE NEXT – very very powerful insight...

“Every child born of woman will eventually know that he is the God who created the universe and willed everything into being. Then he will forgive all, for he will know they were only doing his will. “ - Neville Goddard

POWERPOINT #4: THE TRUTH ABOUT YOUR BODY is this. “Your body is not a part of you, your body is part of THE UNIVERSE.”

Your body is your temple - the temple that you - as God - live in. So respect it, take care of it, and remember...

“When you imagine CLEARLY enough, and have only ONE MIND (full of belief – not SPLIT with doubt) that your body is often THE FIRST PART of the universe to RESPOND to your imaginings.”

That is why we imagine FROM THE END – as if we already HAVE IT – that it has ALREADY HAPPENED – so that we feel it to the POINT where our body and the rest of the universe RESPOND.

So if you imagine....

Take the inspired actions....

And even if THEY DON'T WORK out...

It doesn't matter because...

Your body – your behavior – is just a small part of THE UNIVERSE that is responding IN WAYS YOU CAN not directly perceive – to your imagination.

“Well, as far as I am concerned, my body is an emotional filter and bears the marks of my prevalent emotions. That’s what bodies are, they’re filters. Emotional filters. And so if you persist in a certain emotion, one of despondency, one of this, one of that, eventually it will take its toll and you’ll find it leaving its mark on these filters. For they are emotional filters. To know, first of all, to know that it is so. And then to stop or try to change these prevalent emotions. You know you have friends who, whenever you meet them, they complain, always complaining. Well, that is almost a permanent state with them. Now, discriminate between the state that they occupy and the occupant. The occupant is not that. But if they remain in a state long enough, they feel at home in that state. ” - Neville Goddard

EXERCISES AND DRILLS – SECTION 2

You are about to learn Exercises and Drills to help you completely get the Neville Goddard Mindset. Reading about these simple truths will not change your life much. Exploring them WILL change your world. Guaranteed.

These little exercises and drills were developed and perfected to help you realize – not just remember – the Power Points – the presuppositions of Neville Goddard. It is vital that we EXPERIENCE them, not just read them.

The Thank You Game, and The End Game can be played with other people, and we suggest that you do them that way, as well as doing them on your own. They are a great way to help people experience a nicer – more open to possibility kind of world – and they help prepare the way for others to hear the message and methods of Neville Goddard

Notice the Noticer.

The ABC Thank You Game.

The ABC End Game.

Taking just a few moments to play with these games daily – on your own or with a partner will transform your world from the inside out – big time.

EXERCISE #1: Notice the Noticer.

This exercise will help you discover more and more that your body is part of the universe, that is created by the imagination, by the consciousness you are.

“ (I realize that) I am no longer an animated body. I’m a life-giving spirit.” - Neville Goddard

It's one thing to say, “I am not my physical body.” It is another thing to experience that, and to truly know it through experience. All you need to do for this SIMPLE exercise is to “notice the noticer”.

Let's explore what that means. First, it is not about “observing the observer”, that would require that you make observations. Observations are fine, they are something you do, something you can NOTICE – because you are the noticer.

It is also not about “thinking about the thinker” or “his thoughts”. That would make you THINK MORE. What notices thinking? (The noticer, which is the nature of consciousness, which is what you are.

What we want you to do is to simply, “Notice the noticer”. Select 3 times a day to do this ideally, for just 2 or 3 minutes. Just notice that “something (the real you) is noticing”. That something is not personal, does not have an opinion, and is simply “just there”. Doing this exercise will help you get “you are not your body” at deeper and deeper levels.

Knowing that you are not “your physical body”, will help you fully get that, WHEN you imagine anything CLEARLY enough – your body is often the first to respond. And once you imagine ANYTHING you choose to embody and bring into the world of the senses to the point that your body responds – and you feel THE RELEASE – then you are well on your way to manifesting, creating and generating change like Neville Goddard.

“You did nothing wrong which caused you to enter a body of death called Man. You were in the beginning with God and were God. You never were some little worm, which – coming out of the slime – became a little bird and then something else, to evolve into man. No, all this is part of the structure of the universe. You were God when you

descended into and animated man; and no one can descend into humanity other than a son of God.” - Neville Goddard

EXERCISE #2: The ABC Thank you Game

“My third way of praying is simply to feel thankful. If I want something, either for myself or another, I immobilize the physical body, then I produce the state akin to sleep and in that state just feel happy, feel thankful, which thankfulness implies realization of what I want. I assume the feeling of the wish fulfilled and with my mind dominated by this single sensation I go to sleep. I need do nothing to make it so, because it is so. My feeling of the wish fulfilled implies it is done.” - Neville Goddard

There are two universal feelings that Neville would encourage people to build into their Feel It Real sessions. Those are Thankfulness and Relief. True heartfelt thankfulness builds in relief, and that is why we do this exercise – to help you explore and experience more thankfulness in life, so you can build it into your Feel It Real sessions.

So let's begin with the question, “What are you thankful for?”

That's how this game begins.

Just notice what you are thankful for. Notice what comes to mind.

Odds are, what comes to mind the first few times that you play this game, will be the SAME few things. What this game does is tricks your mind into finding more things that you are thankful for – by using the alphabet. Let's play it for a second.

“I am thankful for...”

- A: My Attitude.
- B: Brilliant ideas.
- C: Choices I can make.
- D: Dinner in my belly.
- E: Excitement in my life and weekend.
- F: Fingers that can type.

Now you can play this game, with what your senses tell you that you have, and you can play it with **WHAT YOU HAVE IMAGINED** as having.

- A: My Automobile – My new Land Rover.
- B: Best Selling Books on Amazon.

- C: Children that I help at the boy scouts.
- D: Delightful conversations with Victoria.
- E: Endless ideas that bless others and give us incomes.
- F: Freedom.

Now imagine this...

Someone FIRST imagined FREEDOM in what became the United States. Their vision was so complete, that they shared it with other men – men who could IMAGINE and dream. As a result of that IMAGINING – freedom came and a nation was born.

What can you be thankful for – imagine it as it is yours now. And...

To play the game with a partner, just take turns with each letter. And you get to share what you imagine – with them – and they – with you. And that can make it all the stronger.

“When you know what you want, assume you have it. Believe your assumption is true. Look at your world mentally and see your fulfilled desire. Do this and you are calling forth a response to your thoughts, and in the not distant future you will find yourself physically occupying the state imagined.” - Neville Goddard

EXERCISE #3: The ABC End Game

The ABC end game is designed to make the IMAGINAL SCENE which implies the wish fulfilled much more comprehensive and complete. You are going to read a paragraph below, where I put in full CAPS, words that begin with sequential letters of the alphabet. This is an imaginal scene that brings together several ideals – and implies that they are fulfilled.

Doing this exercise – will blast you through any mental junk that was getting in the way, by keeping you focused on your scene – when you would otherwise get loopy or sidetracked.

Let's begin. (Notice how I start with THANKFULNESS in the beginning.)

I am thankful for the ACTION I started taking, in spreading the BLESSINGS that Victoria and I were CREATING DAILY with the methods of Neville. EXCEPTIONAL people started coming into our lives and FRIENDSHIPS developed that GREATLY transformed our HOMETOWN.

There was an IMMEDIATE change in the local parks, we noticed as people started picking up trash and JUNK – because as our thinking changes – so does the behavior of our communities. KINGFISHER birds started returning to the area, LOVERS started walking hand and hand more, MANY new groups started using the parks for yoga and tai chi classes. NEW masterminds came into being, and OPPORTUNITIES for me to speak to the local groups spread the word of who we are and what we do. PEOPLE from far and wide started QUITTING making excuses and imagining better lives and creating them.

This END GAME exercise started with me spreading the word about Neville, locally and online – and it took on many new directions than what I would normally consider – when I added in the ABC method.

You don't have to use all the alphabet, just use enough to give your CONSTRUCTED scene more depth than it used to have – and remember SEE IT FROM THE END, as already happened.

Have fun!

CORE CHOICES – SECTION 3

CORE CHOICES

We noticed while studying the life of Neville Goddard, that Neville often talks of choices that he made on a daily basis. These are often overlooked when people study him, and once you notice that you have the same kind of daily choices – and you choose as Neville did, your world and your manifesting change rapidly.

“All you are required to do is remain faithful to the state you entered. Now, Paul makes this statement: “Remember Jesus Christ descended from David according to my gospel.” Having experienced scripture, Paul calls it “my gospel.” He does not deny the descent of Christ, yet he knows that David was created by him. Having buried himself in David, God died by forgetting himself. Then David appears as memory returns, and he extracts himself from that body to discover he is far more luminous than he was before he entered it; far more translucent, greater in power and wisdom than he formerly was; for God is truth and truth is an ever expanding illumination.” - Neville Goddard

CORE CHOICE #1: Do I live in the world of CEASAR – where everything has a physical cause or the world of CHRIST – where I realize that EVERYTHING has it's origin and cause in the wonderful human imagination. Here we are choosing between Karma or Grace.

Choosing CEASAR / karma goes like this. “Because I chose to go to school for law enforcement, instead of business, I will never be able to make the money that other people in business do. Karma is nothing more than “the effect”. Ceasar in Neville's lectures refers to the world of effect.

On the other hand...

Choosing CHRIST / grace is more like this. “It doesn't matter what I went to school for, or even if I went to school, because what I have IMAGINED has created the world I live in today. What I imagine NOW – recreates that world – starting right now – IN THE IMAGE we have – our ourselves and of our world.

Because when we choose CHRIST – to be THE SON OF GOD, we know that we can imagine in a whole new set of behaviors and circumstance – that will blossom in God's Perfect timing.

Imagining myself as an author and trainer – has brought into my life the experiences and skillsets I needed – to write – to have good things to write about – to change the world – to be the change I see in the world. All because I stopped holding onto the world of Ceasar – the world that everyone can see with their senses – and started IMAGINING a whole new world.

“ It is all grace, grace, and more grace. So begin now to live a wonderful life and exercise your imagination lovingly on behalf of everyone. And one day you will be called to enter that one body, and it will not matter whether you play the part of the teacher, the miracle worker, the helper, the administrator, or the speaker in tongues. If one is playing the part of the apostle, it is not because he earned it. It's a play, and the part he is playing was God's choice in the beginning, before that the world was.

So learn to exercise your creative power by applying the law, for you may have anything you want! You want to be wealthy, you may have it. You want to be known, you may have that too. Anything you want you may have, but when it comes to God's promise - it will be fulfilled. It is my hope that it is now, but don't think you can make it happen - you can't. But you will find Him when you see David and he calls you Father; and he will, for there is only one God and Father of us all who is above all, through all, and in all. ” - Neville Goddard

CORE CHOICE #2: “What does right now mean?”

“Feast on the idea, become identified with the idea as though you were already that embodied state. Walk in the assumption that you are what you want to be. If you feast on that and remain faithful to that mental diet, you will crystallize it. You will become it in this world.” - Neville Goddard

“If you react based on the past, you continue in the same pattern.” - Neville Goddard

With whatever you have going on RIGHT NOW, in the outer world – is something that you are going to attach meaning to. The meaning you attach to it, is either going to enable you to access the power that you are – or it is going to de-energize and disempower you.

So, from now on, let's IMAGINE meaning that EMPOWERS and ENERGIZES you and that SUPPORTS the world that we share – with Neville Goddard.

NOTE: Neville teaches to walk in the state of the wish fulfilled. He teaches to notice if you are reacting to the world as that ideal man you have envisioned yourself to be? You will notice if you are, by noticing your reactions and actions in the world. Be congruent with your ideal.

Neville shares a great story where he imagined himself out of the Army, and back home. He submits the paperwork, like the world of CEASAR demands, and he gets REJECTED. But inside his mind, he sees that same paperwork APPROVED.

The MEANING that he put on the REJECTED paperwork was NEXT TO NOTHING. That it was part of God's perfect timing. That he would be released from the Army, and he got FROM HIS IMAGINATION that he was – in that circumstance – TO DO NOTHING. Just to IMAGINE. And yes, Neville did get honorably discharged – from the Army. You can read about that at <http://www.freeneville.com>

Let's bring this to your daily life.

What meaning do you put on when your spouse seems distant? Do you put on the meaning of, “I did something wrong”, or that they are “mean or argumentative”? Or do you put in the meaning of something more empowering, like they will return to you – when the timing is right – and that we need do nothing – except imagine THE GOOD – and be thankful for all the good we have – including their return. It is up to you.

What MEANING do you apply – to what is RIGHT NOW in your life?

POWERPOINT: Even if NEVILLE has not worked well for you before, you can ADD IN the meaning – that you needed to get WHAT THIS BOOK has to offer you – so that NOW you can CREATE COMPLETELY the world of your ideal.

Always add in meaning – that makes your life BETTER right now.

HOW TO STAY IN ALIGNMENT USE THE POWER QUESTION

After a session, it is important to continue to live from the state of the wish fulfilled. To live from the person you have chosen to be. The most effective way we have found to notice if you are doing that, and how to get back on target is to use the POWER QUESTION. “Am I reacting to the world, the way that my ideal would?”

To make it more specific, here are three ways I have used this question, based on sessions that I have had.

“Am I reacting to this as an accomplished black belt trainer?”

“Is how I am reacting to this, the way that a professional trader does?”

“Would a best selling author react this way?”

If not...

“How would (me as a black belt / me as a professional trader / me as a best selling author) react to this?”

This is the most powerful state optimizing question you can ask, that will immediately bring your body chemistry, behavior and belief system into harmony with your ideal.

And doing this step....

If you define your aim as a noble, generous, secure, kindly individual – knowing that all things are states of consciousness – you can easily tell whether you are faithful to your aim in life by watching your reactions to the daily events of life. If you are faithful to your ideal, your reactions will conform to your aim, for you will be identified with your aim and, therefore, will be thinking from your aim. - Neville Goddard

BONUS SECTION – 7 Lessons from the Neville Goddard Prosperity pack.

LESSON 1: REVERSE THE CONVERSATION

He wanted two hundred and fifty thousand dollars. I said, “All right, I will hear it for you. I will now reverse the entire conversation from you *wanting* two hundred and fifty thousand dollars to a conversation that tells me that you *have* your two hundred and fifty thousand dollars, and I will persuade myself of this so-called ‘invisible,’ and therefore unreal state. When I am self-persuaded of the reality of what the world would say to be unreal, it’s done, and it will not fail! I will do it now.”

So, he hung up. I did not leave the ‘phone until I was self-persuaded that he had called me and told me of the good news that he had his two hundred and fifty thousand dollars, to launch this new venture in these special things that he is making. ...In this statement he said: “Out of the blue, a broker called me and told me he heard of this new venture, he had investigated it, examined it, and he would like to underwrite it for two hundred and fifty thousand dollars,” which he agreed to. HE IS DREAMING NOW - Neville Goddard

LESSON AND TAKE AWAY

Notice the Power of Revision. From a conversation based in the man WANTING to a new conversation with the man HAVING.

Neville did not leave the phone, he went to work immediately, not allowing the old to be in his reality any longer, before revising it. Working “at the phone” also anchors the new conversation to the phone, making it more and more real, by blending the physical world of the phone into the revision session itself.

Where in your life can you REVISE THE CONVERSATION?

Do it now. If possible, do it with “the phone” involved.

Remember the woman who was on the trolley, who felt the trolley as if it were a ship? She tasted the salt of her tears, and claimed that they were of the ocean. She took the physical world her body was in, and used it to anchor in and trigger the state of the wish fulfilled.

LESSON 2: THE REAL CAUSE - HOW TO PRAY FOR MONEY

I know the cause. I know the beginning—the conversation that took place, and the kind of a prayer that took place, where they didn't beg anyone in the world for anything. You don't turn to any god on the outside and appeal to him to help you. You turn to the inside, and *you appropriate what you want. It is a subjective appropriation of the objective hope.* HE IS DREAMING NOW - Neville Goddard

LESSON AND TAKE AWAY

You appropriate what you want. You appropriating - assuming it - is the cause.

What have you been wanting, that you can simply appropriate now?

Now sit down and do it.

LESSON 3: VICTOR THE DREAMER

My brother Victor, who does exactly what I am talking about—it's all in his imagination—started behind the 8-ball; so this year he did a forty-million-dollar business, and so I got my dividend check. It was a twenty-per-cent dividend. How many companies are paying twenty per cent? He paid me twenty per cent on my stock; and all the other ones, they are going down and down and down, but I got a big check, twenty per cent. That's unheard of, but we are a private company; therefore, we can pay what we want. It's not public; every share of stock is owned by the family. So, my dividend check was twenty per cent of the value of my stock, because he didn't read the papers, and he doesn't have a TV set, and he's not influenced by rumors. He can dream as much as anyone can dream. HE IS DREAMING NOW - Neville Goddard

LESSON AND TAKE AWAY

Victor Goddard was a dreamer as well. What do you think of when you read that someone was a dreamer? What would you think of someone called you a dreamer? On the other hand, what would you think / how would you feel if NEVILLE called you a dreamer?

Use your imagination and have Neville call you a dreamer. Adopt that as an identity, as a power, as a truth to live by.

LESSON 4: LISTEN TO NO ARGUMENTS

When that man died, he left my brother, in cash, a hundred and fifty thousand dollars, three homes, many personal possessions. He said, “You are my best friend. You advised me how to invest and what to do; and so I leave you now a hundred and fifty thousand dollars in cash, tax exempt,”—no taxes to pay on it. And from that little beginning, with borrowed capital, it grew and grew and grew and expanded from one island to another island to another island; it’s all over the islands now, and not one person outside of the immediate family owns one share in the business. And it is still growing, in spite of the depression. He doesn’t listen to any arguments about depressions and recessions and what-not. He is simply growing. HE IS DREAMING NOW - Neville Goddard

LESSON AND TAKE AWAY

How’s that global financial crises - you know “the recession” going? Personally, I am shocked when I hear people talking about it, as if it’s still going on. I listened for a while, then grew tired of it, because I knew that to listen to it, I had to entertain it in my mind. I’d rather entertain much more productive angels. Jacob wrestled with his angel, his imagination until he won. It’s a lot easier to win, if you stop feeding the bad angels. Stop listening to any arguments about limitation, about depressions and about recessions, and you will find that they have almost no impact on you.

LESSON 5: "This Would Be Ideal."

Many years ago my father and brother, Victor, went to see a spot overlooking the water on 35 acres, which is quite large on the island of Barbados. Three sisters lived in a home there, and sold their cattle to my father. At the time he mentioned he would be interested in purchasing their property if they should ever desire to sell. Then, turning to Victor, he said: "This would be the ideal spot for a hotel." A few years later the ladies decided to sell. One man with a great deal of money wanted those 35 acres very much, but was in Brazil the day my father - who had imagined owning it - bought it. Now a beautiful hotel is on that spot. It is very popular and always crowded winter and summer, all because my father had a dream and dared to trust the Lord his God, who he knew to be within himself. GOD'S ALMIGHTY POWER - Neville Goddard

LESSON AND TAKE AWAY

Bring ease into your life, and into your sessions by setting them up with ease. "This would be ideal..." is a great way to do that. Can you feel the power of this story? I don't think for one second that Victor and Papa Goddard struggled with visions of a hotel, they simply felt that "this would be the ideal spot" and then they SAW the hotel there.

Where in your life would you like to invite ease?

Remember, it's not just WHAT you hold in mind but HOW you hold it in mind that matters. Use the power of EASE, to bring your ideal easily into the world.

LESSON 6: YOUR DESIRE MUST BE GENUINE

Nothing has ever happened to you that you did not set in motion in your imagination. I tell you: you can be anything you want to be, but when you voice your request, your desire must be genuine. You must so want it that you are willing to remain faithful to your change in position. You cannot assume you have your desire for one little moment and then return to your former state, for if you do you are a double-minded man and will not receive anything from the Lord (as told us in the Book of James). If you want to be successful in business, you can. I don't care how many creditors you owe, or what the bank says you have; if you assume success and persist in that assumption you cannot fail. This is the law by which everyone lives. THE CREATOR - Neville Goddard

LESSON AND TAKE AWAY

Once you experience the change of position - into your ideal - inside your imagination, then SLEEP AND WALK from that position.

Sleeping in the position is feeling the relief that it is so. Fall asleep feeling relief, knowing your ideal is real.

Walking in the position is how you react to the world. Notice in your conversations, in your actions, in your daydreams, in all your activities if you are internally remaining true to your ideal. If your ideal is one of being loved, feel that you are loved, know that you are loved. Feel that where ever you are, while doing what ever you are doing. If your ideal is being a financially secure person, notice what it is like to shop, being financially secure. You don't ever say to anyone, "I can't afford that", you do say, "I choose not to buy that today".

Coming from your ideal, develops new habitual ways of thinking, being and behaving in the world. And this is the only way to BE GENUINE in your desire.

LESSON 7: ASSUMING WEALTH

If tonight you inherit a fortune don't think that the one from whom it seemed to come was the cause. No. Preceding that event you assumed wealth. He was only the instrument, the actor playing his part in giving you the money. It could have come from a total stranger. You don't need a wealthy uncle, aunt, or grandfather. THE CREATOR - Neville Goddard

LESSON AND TAKE AWAY

Assuming wealth, opens the door for wealth. So open the door and assume wealth. As you live out the rest of your days on earth, remember that dead relatives, strangers, clients, friends and family members may be the channel for the money and wealth to get to you, but the source is your assumption of it.

Where else in your life can you apply this today?
